Became Solid Sore Eruption Over Head and Face. Very Restless. In Three Months

HEALED BY CUTICURA SOAP AND OINTMENT

"My little brother was about two months old when an itching and a breaking out of pimples which were very had started. He would scratch and it was inflamed and afterward became a solid sore eruption all over his head and face. We had to sit up nights with him, and he was very restless. He had to wear a cap to keep his head from sticking to the pillow. His scalp was a soft crust of dandruff. His head was a very bad sight and he was in such a fix that my mother did not know what was the matter

"Nothing did any good, and he had this trouble about a month before using Cutl-cura Soap and Ointment. In about three months the eruption was completely gone and he was well." (Signed) Miss Helen E. Fleming, 1422 23d St., Columbus, Ga., July 15, 1915.
